rgmazon@gmail.com | +63939-1391-685 | linkedin.com/in/rgmazon/

Results-driven Full-Stack Developer with a Bachelor’s degree in Information Systems and over 3 years of experience in systems design and web development. Proven track record of delivering responsive, end-to-end web solutions for recruitment and entertainment platforms. Expert in PHP and MySQL ecosystems with a focus on optimizing user experience and streamlining internal workflows through automation.

## TECHNICAL SKILLS

- **Front-end:** HTML5, CSS3, JavaScript, Bootstrap, Tailwind CSS, React.js (basic), Prettier
- **Back-end:** PHP, MySQL, Node.js (basic), C#, Java
- **Tools & Platforms:** Figma, XAMPP, Laragon, Git, GitHub, Docker, Canva
- **AI-Assisted Development:** GitHub Copilot (code suggestions), ChatGPT (debugging and refactoring)

## WORK EXPERIENCE

- Full-Stack Developer | FLIQUEY Entertainment | Feb 2025 – Present**
- Engineered and optimized full-stack web applications, ensuring high performance and scalability for client-facing projects.
  - Developed responsive UI/UX components and integrated APIs to improve cross-platform functionality.
  - Managed and maintained relational databases to support internal project management and data integrity.
- Full-Stack Developer / Website Administrator | Blaseek | May 2024 – Jan 2025**
- Designed and deployed a fully responsive company website from scratch using Figma, PHP, and Bootstrap, improving the brand's digital presence.
  - Automated client communication by implementing a custom email and notification system using PHPMailer.
  - Secured and maintained site reliability through regular security audits and performance updates.
- Full-Stack Web Developer (Freelance) | Various Clients | Aug 2022 – Present**
- Consulted with clients to deliver custom CRUD-based web applications and responsive landing pages using WordPress and PHP.
  - Managed the full project lifecycle, from initial design in Figma to final deployment and server maintenance.
- Front-End & Database Designer (Intern) | OJT | Sep 2023 – Jan 2024**
- Collaborated in a team environment to build responsive user interfaces using Bootstrap and PHP.
  - Restructured MySQL databases, significantly improving data retrieval efficiency for the development team.

## EDUCATION

- Bachelor of Science in Information Systems | City College of Calapan | 2020 – 2024**
- Specialization:** Systems Design and Web Development
- Capstone Project:** NLNP-PAMO Online Permit Management and Database System
- Developed a centralized web-based system to replace manual processes, streamlining permit processing and database management.

## TRAININGS

- **HTML and CSS in Depth** – Meta (Coursera), Oct 2024
- **Programming Java NC III** – BCRV Tech-Voc Incorporated, Apr 2024 – May 2024
- **Technical Support Fundamentals** – Google (Coursera), Aug 2023 – Sep 2023
